

# Psychology & Behavioral Sciences Collection™

## The Leading Full-Text Resource for Psychology and Behavioral Sciences Research

This comprehensive resource is an essential tool for psychologists, counselors, researchers and students, providing extensive full-text coverage for a broad range of subjects in the fields of psychology, behavioral sciences and related disciplines.

### Deep Full-Text Journal Coverage

This database provides access to more than 530 full-text journals, including *Canadian Journal of Psychiatry*, *European Archives of Psychiatry & Clinical Neuroscience*, *European Child & Adolescent Psychiatry*, *European Journal of Neuroscience*, *International Journal of Behavioral Medicine*, *International Journal of Psychiatry in Clinical Practice*, *International Review of Psychiatry*, *Journal of Clinical & Experimental Neuropsychology*, *Journal of Mental Health*, *Social Psychiatry & Psychiatric Epidemiology* and many more.

*Psychology & Behavioral Sciences Collection* also provides particularly strong coverage in child & adolescent psychology and various areas of counseling.

### Extensive Backfile Coverage for Key Journals

In addition, EBSCO has PDF backfiles for many key journals back to the 1960s and 1970s, including *British Journal of Psychology*, *International Journal of Psychology*, *Journal of General Psychology*, *Journal of Clinical Psychology*, *Journal of Genetic Psychology*, *Journal of Psychology*, *Journal of Social Psychology* and others.

### Link to Citations within *PsycINFO*

The database can be searched independently, but also allows users from subscribing institutions to conveniently link to full text from citations within [PsycINFO](#). These citations, when viewed via EBSCOhost, have the ability to link to articles from 350 full-text journals contained within *Psychology & Behavioral Sciences Collection*.

## Subjects Include:

- Anthropology
- Emotional & Behavioral Characteristics
- Mental Processes
- Observational & Experimental Methods
- Psychiatry & Psychology

*Additional services available:*

## Discovery takes Research to the Next Level

*EBSCO Discovery Service (EDS)* offers streamlined access to all of your library's resources from a single search. With superior relevance and value ranking, basic and advanced search tools and open and flexible customization options, EDS is the ideal platform for all library users, including:

- Undergraduate students performing simple searches
- Post-graduate researchers, experienced scholars and professionals conducting multi-tiered research
- Public and school libraries whose patrons look for credible information and in-depth resources

Learn more about EDS for your library at [ebSCO.com/discovery](http://ebSCO.com/discovery).
